## Used machine data sheet Citizen K 12 16 VII

CNC Swiss turn

Machine type: Citizen K12 16 VII

Year: 2006

## Used machine Citizen K 12 16 VII

### SPECIFICATIONS:

#### Main Spindle

Max. turning length: [mm]	200
Turningdiameter: [mm]	12
Bar capacity: [mm]	12
Spindle speeds: [rpm]	15.000

Max. front thread diameter: M8

Spindle diameter: 16 mm

Max. Machining diameter of the counter spindle: 12 mm

Max. machining length of the counter spindle: 40 mm

Max. Drilling diameter for back machining: 6 mm

Max. Thread diameter for rear machining: M5

Spindle speed, counter spindle: 10,000 1/min

Tool set, number of tools: 8

Speed of the driven tools: 6000 rpm

Powered tools for the rear side not available

## Optional with service package

Professional and comprehensive service for our customers has always been a cornerstone of our business. Together with our cooperation partner 5X Machines GmbH, we offer you a professional all-round service tailored precisely to your needs for machine purchases.

Would you like to organize the transport yourself or have the maintenance of a used machine carried out by your own technicians? From the low-cost Basic package to the comprehensive Premium package, you will always receive the right combination of services with an optimum cost-benefit ratio when purchasing a used machine.

## High-Quality machines for individual requirements

For more than 100 years we have been your partner for machine tools worldwide. Our company Specialization lies in the purchase and sale of used machines for the following areas: Mechanical engineering, vehicle construction, electrical engineering, precision mechanics and optics, aircraft construction, plastics processing and much more. A special focus of our assortment are lathes, machining centres and bed milling machines from renowned manufacturers such as DMG, DMG Mori, Mori Seiki, Hermle, Hedelius, Weiler and Doosan.

Everything we do focuses on the individual needs of our customers. We supply modern manufacturing companies with high-quality machines and thus make a significant contribution to their business success.
